

Exodus Reading Guide
Mr. Thomas
Senior English

Purpose of the Assignment:

The chart below is called a Narrative Reading Guide. During our Antiquity Unit, we are studying the Overcoming the Monster Plot, a story that involves heroes, monsters, and helpers. In this class, I hope to show you how to classify stories according to their parts and see how those parts work in the story. The Exodus Story is the ultimate journey, and so, as you read, watch as the story-line unfolds, and see how God's story is the pattern for all others. Because you are dealing with larger chunks of scripture, you will be working on your ability to synthesize the information (give the basics).

Section (Read this section of Exodus closely)	Goal (What is the ultimate goal of this scene? Who is to carry it out, and how?)	Obstacles (What stands in the way of the goal?)
